

## Club Captain Report – Gary Crawford

Hi Dee Hi Golfers

**Brendon Dew** had a fantastic round of golf on Saturday to beat **Terry Butler** in the Joll Cup and secure his spot in the finals. Brendon now has to wait for the match between Robert Middleton and Shane Weir to see who he will be playing in the **final on the 2<sup>nd</sup> of July**.

The course was a little wet underfoot for the haggie on Saturday, but the day turned out to be near perfect golfing weather (*if there is such a thing*) however, there were only 4 players who shot a nett 72 or better. **Robin Broadmore** was sitting at the top of the leader board with a **nett 70** until I entered my card and took out the day with a **nett 69**. **Terry Butler** 3<sup>rd</sup> nett 71, **Richard Ransfield** 4<sup>th</sup> nett 72, **Ivor Sarten** nett 73, **Robert Butler** nett 74, **Nathan Lopyy**, **Alistair Baker** and **David Butler** all nett 75

**Only 4 twos** were scored on Saturday Shane Gyills, Darryl Bard, Kerry Edgcombe and Garry Johnson. Well done to all.

**Steve V and I** took on a couple of left--handers (*Richie and Peter Lopyy*) for the beverages, and let's just say “they were **left** right out of the match” but I guess that’s what happens when you're addressing the ball and facing the wrong way!!!

About **16 Manu players played at Kaitake on Sunday in their Mixed 2-Person Ambrose Comp**. None of us took out the main prize but **Marie and Darryl won the Manu haggie** and one of the other top prizes while several others won goodies too. My drawn partner was Esther - she did say that she had been told about my golf and to expect to play a lot of golf from either out of trees or on other fairways!!!

**Next Sunday School is to be held this Friday 24.6.22 (Public Holiday).**

Names into Andrea by 9 am please, tee off at 9:30, \$10 to enter. This is a fun day so come along and join in.

Golf was once a rich man’s sport, but now it has millions of poor players!

Watch out for our **3-Person Ambrose Competition coming up on the 10<sup>th</sup> of July**. the sheet to enter teams will be up on the Captain's Notice board soon, so get a team together and write your name up. Only 36 teams in, so first in first served, we already have other clubs showing an interest.

**The club is adopting a new rule from the 21<sup>st</sup> June until 1<sup>st</sup> August.**

You can now lift, clean and place through the general area. This means you get a clean and place (15cm) all over the course, except for in a hazard where you need to play it where it sits unless you deem it unplayable.

I know some people will ask 2 questions so I will try to answer them now

1. Can I lift, clean and place my ball when I’m OB?

*Yes, you can lift clean and place it in your pocket and then carry on with your provisional.*

2. Can I lift, clean and place my ball when it's in the lake on the 5<sup>th</sup>?

*Good luck with that guys, but remember to identify your ball before you hit it*

**On a serious note**, a young Kowhai tree has gone missing from one of the gardens near the clubhouse. A lot of club members (*men and women*) put in a lot of hours, making our club/course and gardens look as beautiful as possible and to hear someone has taken this young tree is very disappointing. So if you know anything about this tree, please let a committee member know!

## Tuesday Ladies Golf Report

A bitterly strong cold wind to start the day with but it eased and warmed up somewhat. At least it's dried the course out a bit.

## Volunteers Corner

**"Course Superintendent Karl Stratton testing out a cart on the temporary "Bailey bridge"**

he led construction of yesterday across the still-running water at the foot of the slope on the 10th fairway, with assistance from the **two volunteer**

**Richards (Hamel and Crowe).**

**Richard H and one of the Club's champion volunteers Jim Newlove then cleared the obstructed waterway in the bushes below that point on the 10th fairway. Thanks to this team for helping keep players' feet dry!"**

## Greg Norman Golfing Tips - Suit Yourself

There is no such thing as the 'ideal' ball position. What works for me may not work for you. You might be able to position your ball at least one ball-width forward of where I do and up to two ball-widths farther back.

For each individual, the optimum ball position is at the very bottom of the swing arc. For a short, stout person with a flattish swing arc, that position will likely be relatively far back in the stance. A tall person will have a higher centre of gravity and swing with more lateral movement, which will mean a more forward position. But just as important as your height is how 'leggy' your swing is. Players with active leg action, such as Lee Trevino, should play the ball more forward than those with quieter legs and an active upper body, who tend to trap the ball at an earlier point in the swing in the manner of Arnold Palmer.

The ultimate answer, however, is that your ideal ball position is the spot from which you play your best golf. You owe it to yourself, when you're striking the ball with crispness and consistency, to take careful note of the position of the ball in your stance.
