

**Club Captain Report** – Gary Crawford

**HI Dee Hi Golfers!!**

The Weather Gods played their part last Saturday for the final of our Club Champs. - what a beautiful day! **Here are the results:**  
**Kingston won the Seniors** beating Paul 4/3. This was a great match showcasing

two great golfers who both played well, and between the two of them, 4 of the first 6 holes were won with birdies. Kingston went 4 up after 18 with an eagle on the 18<sup>th</sup>.and went on to win the title. Well done Kingston! Talking to both gentlemen after the game, it was good to hear that they both enjoyed their day.

**Elliott won the Intermediates**, beating Kerry 3/2. I scored for this match and both players played top golf. The day was full of chat and played in a very good sportsmanlike manner. Kerry did tell his caddy (who I thought was doing a fantastic job) off though for telling the opposition to stay hydrated but then his caddy also told Kerry off for having a sausage for lunch and not a salad. Apparently, this would have helped his game!

**Kelly won Pool B in the Intermediates** beating Shane on the 18th and Trish reported that they both played really well and their match was very close and great fun to watch. As much as Kelly and Shane weren't playing for an official trophy in this section, both players should be congratulated for sticking with it and making the most of their chance to play match play. Hopefully, we can make some changes next year so that everyone gets the chance to compete for the trophy in their division.

**Peter won the Juniors** beating Barry 3/1. I was able to walk the last 2 holes with a nice gathering of followers supporting these two. Barry had a great chip on the 16<sup>th</sup> for a tap in par to go 2 down with two to play. But it's hard to keep Lopyy down when he's on a roll, winning the match with a par on the 17<sup>th</sup>. Talking to Darryl, who was scoring for these two, he said "the golf played was worth watching and to a high standard".

**Martin won the Limits** beating Matiu 4/3. Maybe the offer of a pizza, beer, and fire with

Sue later that night helped keep Martin focused. Great match boys and well done to Martin.

**For information on the Women's matches**, please see Marie's report below however, I would like to say that by the way Nicole looked on Sunday, she celebrated her loss really well!!

**Well done to everyone that made the finals and congrats to all of our 2022 club champs.** Walking the course on Saturday gave me plenty of time to have a good look around. Our course is in prime condition and could easily be classed as a park. This is a credit to all the men and women that work here - both paid and volunteers. and so a big "thank you very much" goes out to all of you. A big thanks also goes out to **all that helped out on the day and the many supporters** - hope you all enjoyed watching some fantastic golf! Lunch was great, the greens were superb and I could carry on about the condition of our course but .....

and Elliot Also putting for his win on the 17<sup>th</sup>

**This Saturday** is the LF Truman Stableford and Bisque Par for the Ladies. See you there and happy golfing!

*Cheers Gazza*

# Greg Norman Golfing Tips *Your Feet Can Fool You*

One of the most common mistakes I see among my pro-am partners is over attention to the alignment of the feet. They take great pains to set their feet properly while neglecting the position of their hips and shoulders. The fact is, it's easy to look and feel square to the ball while in reality being in a markedly closed or open position.

Often, the player initially sets his hips and shoulders just as accurately as his feet, but in the process of wagging and getting comfortable over the ball, he twists his body out of the square position, usually into a more open alignment.

So don't be fooled by your feet. Ask one of your friends to take a critical look at your address position, and if you're out of alignment, tell him to turn your shoulders until you're where you ought to be.

Alternatively, take a club, set it across the front of your shoulders, and see where it points. If it's off, realign yourself until the club points parallel to the line connecting your toes. Chances are, this new alignment will feel uncomfortable, but it will be the beginning of straighter, more consistent shots.
