#### Club Captain's Report

Hello to all, hope all is well.

Last week saw the Joll Cup Semi-finals and he is back at it again, yip, Sunstrike Robin B into the Finals against Kerry the chicken Edgecombe. According to him, so all the best this week lads and Brendon Dew is up against

Sunday saw the pennants play with the ladies coming out on top and this was more a family get together really with the BBQ and slow cookers all a go. Great time had by all and next year we will be putting this in the Programme and try to set up how we can have an even challenge across ALL the pennant teams. On that note all the best to the girls this week sitting tied on top and playing at NP. So go well ladies bring home the bacon. Just a thanks to all who put in the extra yards to make the day a real good one, cheers.

This week saw the all-irons day off the yellow tees. Some very good scores had, in some tough conditions. It shows you don't always have to hit it a country mile to score well.

This week see the finals of Joll cup and nett for all the choppers

Divots are raising their head again and pitch marks, the course is so wet we ALL need to remember that even chipping in can leave pitch marks so please repair them and divots, well there are a lot around. Please once you have carved the Sunday roast can you put it back and pat down cheers?

Comment from Brent the green keeper, I spoke to Brent over the week and he is happy with the help he is receiving so a big thanks to all for helping out. I also spoke to him and feel he may have a funny / evil side as I mentioned the green keepers revenge day is not that far away and he had a funny looking smile, bit scary really. So, AFTER I HAD TAKEN A STEP BACK, we talked about what it means and I have a funny feeling there could be some really evil hole placements and tee blocks on the day. BUT HEY there's is no better way to get help than making golf even harder and let's be honest we haven't had a real revenge day for a few years, so take it as its meant and just have some fun cheers.

Just on a last note Jansy me old mate, we are ALL thinking of you at this sad time and we will catch up when your back. Take care buddy

Next big one for us is the 3 person Ambrose in July a great comp so looks out for that.

## PRO TIP - back to basics

Taking the Club Back Altogether is a common phrase spoken about but not done often enough when playing?? It simply means that the left shoulder & the left arm, both hands & club head start the backswing all in one piece !! this will definitely help you become a better golfer. So, take that Club away Slowly & Altogether.

#### Good Luck & Happy Golfing. Professional John Garner.
