

## Club Captain Report – Gary Crawford

Hi Dee Hi Golfers

**We have found our Joll Cup Champion for 2022!!!** It's... (*drum roll pat-ta-pat-donk-bonk-ping*) **Shane Weir.** Shane beat the 'on-form' **Brendon Dew** in the final last Saturday. I managed to catch up with Shane for a short interview about his win.

**Question: “How did you find the comp?”** **Answer:** “First of all I would like to thank Brendon for the game he played today. It was a good fun match, I also want to thank my mum and dad, my lovely wife, all the people in the club for their support and....” (*that’s where I stopped Shane and told him he had not won an Emmy or a Grammy award and to get on with it*). Shane went on to say “it was a tough competition with a lot of top golfers and I’m just so happy to come out on top”

**Question: “But Shane, you only played a qualifying round and then the final. What do you mean by it was a tough comp?”** **Answer:** “Well I guess it was tough for Brendon!” Well done on your win Shane and well done for making the final Brendon.

**Saturday's hagggle winners were - in Division 1.** 1<sup>st</sup> Nathan Lopyy, Ivor Sarten, Kevin Mancer, Robert Fraser and Garry Johnson. **In division 2.** Greg Jans 1<sup>st</sup>, John Skellern, Murray Peterson, Robert Butler, Michael Lopyy, Tony Pope, Alistair Baker and Carl Beale. Well done lads

**Sunday 10<sup>th</sup> July is the 3 Person Ambrose.** This is all booked out now so hopefully the weather Gods will play their part.

**Just a note from our cleaners.** If you're the last out of the club on Saturday afternoon could you please ensure that empty bottles/cans etc. are placed up near the bar and not left on the tables?.

Also if Rachele is cleaning, please try and wait for the floor to dry, if you can, before walking on it. She's doing a great job so let's do our bit to help her.

Some **complaints** were brought to me last Saturday regarding **slow play (again).**

We all just want to enjoy our golf, so if you're happy to stroll along at a snail's pace, please let players behind you play over. Keep an eye on the teams in front of you, as well as behind you. If the team behind you is always waiting for their approach to the green or waiting on the tee block and there is a clear fairway in front of you, step aside and call them over. You can always do small things to speed up your game such as not waiting on the greens for everyone to putt out. If you have putted, go and tee off and then do your score card. Also, try to play ready golf. if you can,

If you're in the group getting held up, give the group in front of you a friendly tap on the shoulder and ask to play over or speed up. But please remember to be courteous and respectful at all times.

**Finally, a huge thank you to the Green Staff and all the volunteers** who work tirelessly around the course and in the clubhouse. You're all doing such a great job and we really appreciate it.

**For the next two Saturdays,** we will be having **Mass starts at 9:30 for the Lye Trophy** (*please try and be there before 9 to register*) so there will be no tee bookings, on those days. The **first round is Par** and the second **Lye Trophy** round is Stableford. The entry is a donation please (*and before you ask Ricey - no, not a food donation and definitely not the other type of donation!!!*). This is for a good cause, so dig deep my golfing companions.

## FUNNIES

## Greg Norman Golfing Tips - Consider A Bit Of Flare

At address, my right foot points perpendicular to the target line, but my left foot flares out almost thirty degrees to the left. That's a lot. The reason I do this is that it helps me get my left side out of the way and turn fully through impact. The flip side of this is that the flared-out left toe restricts my hip turn away from the ball and thus limits the length of my backswing. That's not a liability for me, however, because I've been blessed with a supple body.

If you have trouble turning through the ball, I recommend that you experiment with this flared left toe. Just be careful not to allow the alignment of your feet, hips, and shoulders to open.

Conversely, if you want to make a more full and free turn on your backswing, try experimenting with a flared right toe. Just bear in mind that this can inhibit your turn through impact.
