PRO TIP - back to basics

Keeping your clubs & shoes clean is an important part of your confidence & shot making. Feeling good on the first tee starts with your equipment. Wash the grips regularly with warm soapy water, you'd be amazed how they feel afterwards. It also prolongs their life. Have a towel on your bag & wipe the face clean after each shot. When on the putting green after you take a practice swing wipe the face in case you pick up some grass cuttings on the face. Grass between the ball & the face would deflect it & you'd be certain to miss!!!

If you want to play your BEST KEEP YOUR EQUIPMENT CLEAN at all TIMES!!!

Good Luck & Happy Golfing.

Professional John Garner.
