## FUNNIES

## Golfing Tips

### WHEN IN TROUBLE !!! - GET IT OUT 1<sup>ST</sup> TIME ???

We have a saying in Pro Golf – LEARN to drop 1 shot but not 2 – 3 or 4 !!!

I know it is sometimes difficult to resist the temptation of attempting the “miracle save,” but believe me only 1 out of 10 comes off & that’s generous. When you reflect on your round in the bar, you finish up saying “if only ???” So next time when in trees or in trouble try the safe shot, sideways with a 5 – 7 iron or even the wedge not the “3 wood !!!”

*Good Luck & Happy Golfing. Your Personal Pro John G*

Well guys Lydia Ko championship done and dusted, battled hard today flat stick didn't want to play again today but once again staying in the fight to save a somewhat decent round was something to be proud of. I achieved my weekend goal of finishing in the top 10, my rounds of 77, 78 were good enough for 8th place. I know that rounds can always be better but hanging in and achieving goals is still successful. I had a lot of fun and enjoyed a really awesome course. Thanks for all your support.

LET'S GET IT ON!!! 🏆🏆🏆

**Division Two winner was David Butler with 38 points** winning a \$20,00 New World voucher, Cliff Oxenham 37, Roger Davie, and Michael Burkart both 36. Lee Mather, John Davey, and Terry Butler all finished with 35 points. The only 2 was by Arapeta at the 15<sup>th</sup> winning 4 golf balls.

New World raffle winners, Phil Wilson, Nathan Lopy, Terry Butler, Dane Cassidy, Bob Crow, Mike Burkart, Rob Fraser, Jim Newlove and Arapeta Hodgkinson.

*Cheers. Wednesday Club.*

Congratulations to Darryl Baird 2nd nett over 36 holes at the TGA Men's Strokeplay champs for 2021 played over the weekend at New Plymouth Golf Club. Mathew Stephens also represented Manukorihi finishing 11 nett.

Great result, Darryl. Well done

### Thank You from Austin Woods Family

Thank you so much to the Manukorihi Golf Club for flying the flag at half mast acknowledging the passing of our Dad, Austin Wood. Golf was his passion and he loved playing as often as possible with his friends, Pooch, Blue, Mike and Cliff. His grandson, Corban had a wonderful time driving the golf cart around the course during the school holidays, the camaraderie and friendly banter shown amongst you all was treasured by Austin. He never really spoke of his achievements, but one of particular mention is that he is one of only two New Zealanders to have their name on the Australian National Left-handers Founders Shield, winning the tournament in 2017. We are so grateful to all those in the club that knew and spent time with him, and who brought much joy to his life. Thanks again for acknowledging him upon his passing.

From his family, Karen & David, Ali & Darren and his grandchildren, Julie, Corban and Peyton. Xx

### **Rules corner #3: Relief from Immovable obstruction – Garry Johnson**

#### **Definition:**

*Any obstruction that cannot be removed without reasonable effort or without damaging the obstruction or the course*

Some examples of immovable obstructions are

- Cart paths, Drinking fountains, Sign posts, Sheds / protection shelters

Relief from immovable obstructions is defined under **Rule 16 Abnormal ground conditions**

#### **When Relief Is Allowed?**

Interference exists when any one of these is true:

- The player's ball touches or is in or on an abnormal course condition,
- An obstruction physically interferes with the player's area of intended stance or area of intended swing

#### **NOTES:**

- Interference does not include line of play (the flight path of your ball)
- If the obstruction is close enough to distract the player but does not meet any of these requirements, there is no interference under this Rule.
- The boundary (OOB) fence is NOT an immovable obstruction
- There is no relief for immovable obstructions in penalty areas

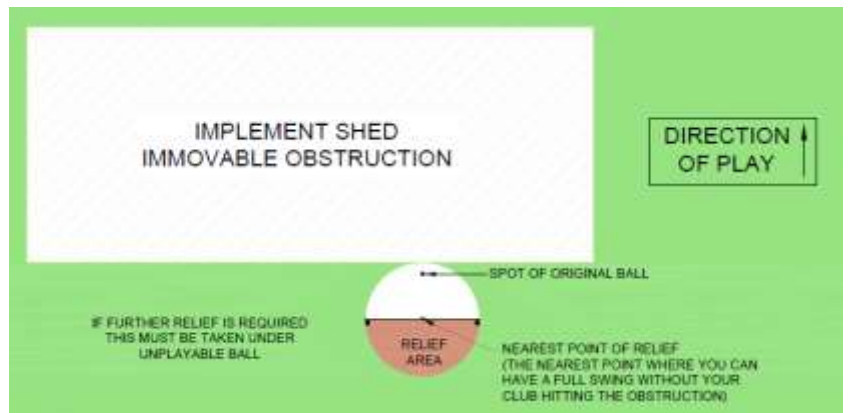

#### **Relief**

If there is interference by an immovable obstruction, the player may take FREE relief (Rule 16.1b)

- Relief is One club-length from the nearest point of complete relief in the general area, with these limits:
  - Must be in the general area
  - Must not be nearer the hole than the reference point
  - There must be complete relief from all interference by the abnormal course condition.

#### **NOTE:**

- Always identify your nearest point of relief before you move your ball. Remember it is the nearest point of relief and it may not put you in a better position.

Right-handed player, Diagrams #1, #2 & #3

Diagram #1

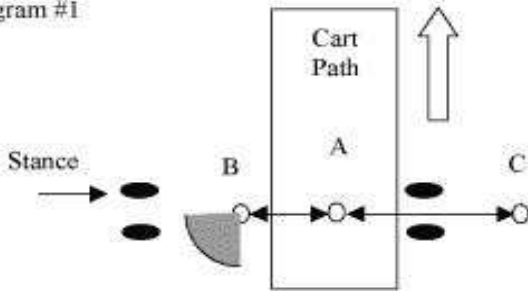

Diagram #2

The "nearest point of relief" is on the left, even though the ball is on the right side of the cart path.

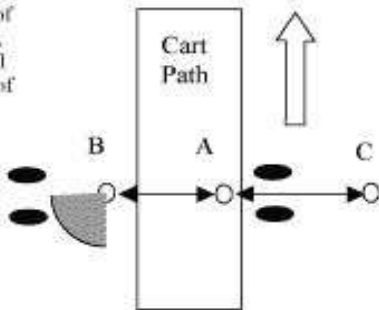

Diagram #3

The "nearest point of relief" is on the right side of this wide cart path.

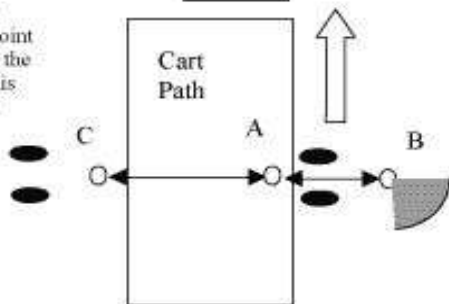

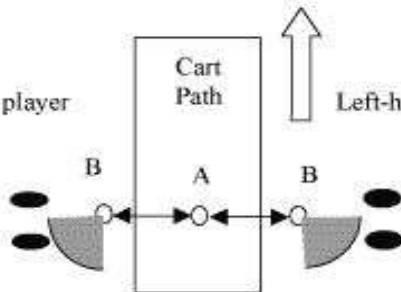

Diagram #4

Right-handed player

Left-handed player

Please keep in mind that the relief without penalty procedure in Rule 24-2b provides relief from the cart path, but does not guarantee a good lie, stance or area of intended swing. Thus, if Point B is in high rough or in the middle of a hedge, the player's best choice might be to play the ball as it lies from the cart path.

Taking relief from a cart path is a two step procedure.

In Diagrams #1, #2, #3 and #4 Point A is the original position of the ball on the cart path.

Step 1 involves finding the "nearest point of relief."

Simulate an address position on the left side of the cart path (Diagrams #1 & #2 -- right side Diagrams #3 & #4). Point B is where the ball would be positioned and club would be grounded in the simulated address position. Point B is not nearer the hole than Point A, avoids interference from the cart path for lie, stance and area of intended swing and is not in a hazard or on a putting green.

Next, simulate an address position on the right side of the cart path (Diagrams #1 & #2, left side Diagram #3). Point C is not nearer the hole, avoids interference from the cart path and is not in a hazard or on a putting green. Line A-B is shorter than line A-C, therefore, Point B is "the nearest point of relief."

Step 2 involves dropping the ball on a part of the course within one club-length of Point B, not nearer the hole than Point A, where there is no interference from the cart path for lie, stance and area of intended swing and is not in a hazard or on a putting green (shaded area).

The "nearest point of relief" and drop area will be different for a right-handed player than for a left-handed player.
