Club Captain Report

Hello to all...hope all is well. The quickest one yet !!!!!

Note; Please take caution when **teeing off the 3rd hole** as players are on the 4th tee block. We are looking at changing the **Lollie Pop to green and orange** so caution is needed the change is to stop build up on the 3rd tee block. At the end of the day it is golf and we all need to consider everyone else on the course so if you see anyone on the 4th tee just give way and let them tee off , in one breath - let's not take too long to tee off just get off the green and go cheers.

Golfing Tips

Always hold your BALANCE, simple to say not always easy to do especially when you are holding the “big dog.” An exercise to test your balance would be to swing a 7 iron standing with your feet together & try to hit the ball. If you fall over you are putting too much effort into the swing from your “little body,” & you should be using your hands & arms more !!! Doing it properly you will be “feeling that you are HOLDING YOUR BALANCE.”

Good Luck & Happy Golfing. Your Personal Pro John
