

**Club Captain Report** – Gary Crawford

**Hi Dee Hi Golfers**

Saturday morning golf was a wash-out, so not much to talk about there. Some of you did manage to get a few holes in so well done to all of you hearty players. I woke up, looked out the window, and went back to sleep until my work alarms started sounding because of all the rain. However, it did clear up later and Trish and I were able to get 18 holes done before it got dark.

**A huge thank you to Andrea** for running another successful Sunday School on Friday at Manu Golf Club. 43 players played and 9 cash prizes were handed out with **Robin Broadmore** taking out the top spot. **Nicole Mancer** and **Darryl Baird** got the only 2s for the day.

**The next Sunday School outing will be held on the 17<sup>th</sup> of July.** This is a well-run fun day, so come along and join in the fun!

## Greenkeeper Stratty Report - KARL STRATTON

Well winter has arrived and the course is very wet , so golfers be careful out there especially on the slopes. The fairways have had another lime application and unfortunately the worms are plentiful this year ! The greens are recovering but we haven't had any autumn growth so it's a slow process !

On the flip side the tees are coming along nicely .

We seem to get hit with a strong winds regularly causing damage with fallen trees and branches many thanks to my band of volunteers for the cleanup of branches / mowing / machinery maintenance and general counsel maintenance. Your regular giving of your time is very much appreciated! !

*Cheers Stratty*

## Volunteers Corner

Barry has been a committee member for a few years now and supports our club this year as the Treasurer which is not an easy job but Barry carries out his duties calmly and is always happy to follow up for any members their questions or requirements.

It is wonderful members like Barry that keep our committee & Golf club on the right track of the law. Big thank you Barry!!!!

### Greg Norman Golfing Tips - Get The Picture

My wife just stopped and said, "You weren't even listening, were you?"

I thought to myself...  
"That's a pretty strange way to start off a conversation."

Once you determine your optimum ball position, the way to preserve it is to take a 'picture' of it.

Set up for a shot, and take careful note of the view you have through your hands to the ball. For me this picture shows the back of my left thumb pad covering the arch of my left foot. When I see the picture, I know I'm in correct alignment and my ball is in its proper position. If I don't see it, I adjust my alignment and/or ball position until I do see that thumb pad eclipsing my instep.

Since I play virtually all my shots from a square stance and with the ball in the same place, this is the picture I always want to see. It stays the same because, as the shaft of the club shortens, my stance narrows slightly, my right foot getting progressively closer to my left as my left foot remains fixed. Try to fix a similar picture in your mind. It's a great way to add consistency and confidence to your pre-shot routine.
