Club Captain Report – Gary Crawford

HI Dee HI Golfers!!

We saw great golfing weather on Saturday but unfortunately, my wife insisted I stay home so we could go early to Symphony at the Bowl instead.

Thanks to Robert B for sending through the results though and they are as follows" **In Division 1 the competition was won by Xavi Clarkson and Hemi Rawiri** both with 38 points.

Aaron Peters had 37 points and Robbie Sim and Reece Vesty both had 36.

In Division 2 Paul Clarkson and Roger Clarkson both had 40 points, Peter Lopey, Barry Newlove and Alistair Baker 37 points and John Davey, Marty Crafar and Rod Andrews all with 36 points.

There were several other winners who collected vouchers on the day and these will be displayed on the notice board. Well done to all of you.

Both **Martin Nobbs and Kelly Brown won their matches** and are now through to the finals on May 7th. Well done guys!

Thanks to Andrea and Nicole for organizing yet another great day out for Manu Golfers - this time at Westown. Pretty challenging conditions but we all had fun (*sort of*). Thanks Ladies!!

We hope everyone who is playing in the Vets tournament is doing well and we're looking forward to hearing all about it on the weekend when the men play for the Joll cup.

Cheers Gazza

Greg Norman Golfing Tips

Look High, Look Low

Traditional golf instruction tells you to peer straight out at your target and then align yourself with it. Well, it may surprise you that when I set up for a shot I sometimes don't even look at the flag. Instead, I look above and below.

Above, to the highest point on the horizon, be it a tree top, a mountain top or a guy in a red hat standing in the gallery behind the green. Remember, not every shot is played directly at the flag, and it's a good idea to find something that will hold your concentration. Just as important, I find it easier to fix my eyes and mind on specific objects. After all, every flag looks the same.

Then I go below, and seek out an area of the turf just in front of me - a leaf, a discoloured area of grass, a divot - that is directly in line with my earlier, lofty aim spot. This is a technique I learned directly from a Jack Nicklaus instruction book, and of all the things I've tried to emulate from Jack, it may be the most important. To this day, I can think of no player who consistently aligned himself more accurately than Nicklaus
