Club Captain Report

Hello to all...hope all is well in Covid Shut Down.....

Stroke Play Champs: Well we are all a go ...Round one of 4 completed ... *(please try to play in a four during stroke play if you can thankyou)* The white board in the club house will have the rounds posted as per normal. This is so you can all keep an eye on each other. We would normally try to set the last round with the front runners in each division going off together. But with ¾ rounds we probably can't do this so at least the board will keep you all up to date cheers.

Sorry didn't catch up with who's on top after round one so can't comment apart from I know I am not....I had a shocking round on the weekend but it happens *(far too often for me lately)*

Course was looking very good and the greens had a nice roll as well. So, thanks to all the staff and helpers ...we are very lucky cheers.

NOTE PROGRAMME CHANGE: After discussion with Urenui the **Ryder Cup** competition has been canned this year due to Covid and the compression of Programs for both clubs ..it was decided we would take it out this yearso sorry about that teams.

During October **SIR Robert CHOP-CHOP Butler and his band of merry men** will be running the show as I will be away due to work commitments *(might sneak in a round if I can)* so please help the lads out if needed cheers. Thanks to Chop and the merry men much appreciated So best of luck to all for the stroke play champs.

PLEASE MAKE SURE YOUR CARDS ARE FILLED OUT CORRECTLY AND SIGNED.... **OR YOU WILL BE DISQUALIFIED. SORRY** THAT'S THE RULES AND IT IS UP TO YOU THANKS.

Good golfing to all.

18TH Sep RD-2 , 25TH Sep RD-3 , 2ND Oct RD-4 So this year we are playing the best 3 rounds out of 4 .

Thanks, Your Club Captain Lofty.

Golfing Tips

The Pitching Wedge is the most flexible club in your golf bag. As I mentioned before, you can use it from 1 metre up to over 100 metres according to the individual. The power is not essential, accuracy is !!! Everyone has basically 4 Gears. 1 – 2 – 3 - 4

4th gear is your normal full backswing (head high approx.) same F/through
 3rd gear would be a ¾ backswing (shoulder high approx.) same F/through
 2nd gear only ½ a backswing (waist high approx.) same F/through
 1st gear just a short backswing (leg high approx.) same F/through

Having the same length of backswing as the follow through helps you with your **BALANCE !!!**
 Hit 20 balls & learn one gear at a time, then you will begin to control that **Pitching Wedge.**

Good Luck & Happy Golfing. Your Personal Pro John Garner
