## PRO TIP - back to basics

"Make up your mind, Susan! Either be a complete fool and take a penalty stroke, or play the ball where it lies!"

### Reflections from the Academy / Driving Range.

One of the most effective, yet totally under-used game improvers: a full-length mirror or window!! Mirrors show you exactly how you are swinging as opposed to how you think you swing!! The feedback is immediate & factual. Posture, grip, alignment, take-away, your shoulder turn to the top of the backswing, all easily & clearly portrayed. You can even "slow-mo" of your down-swing!! Trying to copy the Basics of the Golf Swing is the sole reason we study magazines & monitor the Best Players on T.V. Mirrors make the game much easier & can help to improve your game!!

Good Luck & Happy Golfing.

Professional John Garner.
