Please don't forget if you tee off the 13th and it is a standard comp you will be disqualified as we should be all playing the same track in order unless stated thanks.

Thanks for your time Lofty and Chop

## **Saturday Ladies Report**

Well, that was a cold round... However, us hardy lot, wrapped up and got on with it, with some great results. Andrea F winning Division 1 with Nett 67 and Trish C winning Division 2 with Nett 65.

Andrea F got two, two's (7th,15th). JACK POT. It must have been the putting, as Andrea only putted 28 times to be first, or was it the chipping, saving on putts theory working here.

Joy E also got a 2 on number Five and was second in putting with 29 putts. It's either great putting and/or chipping at work here. Surely, Well done ladies.

Nicole M and Lesley E come in third equal on the putting with 31.

We have LGU and Home pennant this weekend and Round 1 Mixed Top Dog on the Sunday  
Gordy Q

## PRO TIP - back to basics

### The dreaded SLICE!!!

Everyone slices the ball at some stage in your golfing life, the secret is to control it. The practice area is where you learn to do this. Firstly, understand WHY you slice!!

1. The club face is coming across the ball; teachers call it the out-to-in swing path.
2. The fault is using too much effort from the “little body” at the start of the downswing & the head + the body gets in front of the ball.
3. Also realise that if the body is moving faster through impact than the right hand the club face will usually be open.
4. The feeling should be that your hands square up the club face going PAST “little body” not the other way round. Sit in a chair & imagine holding a club, turn to your right as though making a backswing, now swing to the left. There you have just seen the hands go over & past your body!!
5. Take the effort out of your body & get that right hand PAST A STEADY HEAD!!!
6. Reverse this instruction for you Lefties.

Good Luck & Happy Golfing.

Professional John Garner.
