

Manukorihi Mixed Veterans Tournament

This tournament is in its **34th year** this year. We have been full for 8 weeks which is an awesome response. This tournament is always a **great week for the club** but definitely **needs the help of members** to achieve a high level.

Have starters, registrations and raffle volunteers but **urgently require bar persons to help** for a couple of hours each day. The members who help on the bar on a regular basis are all playing in the tournament so would be great to bring in other members to help so that they can have lunch and a drink with their opponents.

Days I require help are Monday 26th, Tuesday 27th, Wednesday 29th and Friday 30th April.

Please if you can help contact me direct. **Marie Rayner 0273552349**

Club President's Report

Greymouth Petroleum Seismic Survey: The drilling of seven shot holes across our golf course will be taking place tomorrow, **Thursday 8 April**. No restrictions to play will be in place but if you are playing please look out for the contractors onsite.

Carpark Upgrade & Sealing Project: Further to my annual report presented to the last AGM, I am very pleased to advise that the **TSB Community Trust has approved a grant of \$37,650** to assist with our proposed carpark upgrade and sealing project, and paid this sum into the Club's bank account on 31 March. The amount applied for in mid-December was \$40,000 so to achieve a grant of 94% of the sum applied for is fantastic in the current economic climate. **We are very grateful to the TSB Community Trust.**

The very poor surface condition of our carpark has been self-evident for many years, but of necessity expenditure on the golf course has had to take precedence in terms of maintenance, projects and provision of equipment. The position has now been reached where the committee has been able to turn its attention to the overdue carpark upgrade and sealing project, which will remove pothole/loose stone dangers for players walking across the carpark and eliminate the persistent dust clouds raised by vehicles. Importantly, the project will also essentially eliminate ongoing repeated, time-consuming and costly carpark surface maintenance, and will give a transformative lift to first impressions of our Club's facilities to members and visitors alike upon arrival.

The selected **roading contractor is Fulton Hogan Ltd**, who will dig out, rip and remake as required a total area of 2780 square metres, install soak holes and grate lids, and lay a two-coat chip seal finish. Carparks will then be marked out.

Funding: It is proposed to fund the total project budget of \$97,000 by way of the TSB Community Trust grant of \$37,650, Todd Energy's principal sponsorship funds of \$10,000 for 2021, a member donation of \$5,000, and Club funds of \$44,350.

As the proposed expenditure from Club funds for this project exceeds \$10,000, the Club's Advisory Committee was required to consider the Club's financial position with respect to this proposal, and has today given their approval. The upgrade and sealing of the carpark is being targeted for the expected warmer weather in November.

Thanks to Robert for doing up the draw. Can we all try and get hold of our opponent's and make sure games are completed before the next game is due. If YOU CAN'T change the date and then the person requesting the change will need to default. AND PLEASE ENSURE YOU PUT UP YOUR WIN / LOSS ON THE SHEET

Just a gentle reminder thatSubs are due team so get those payments in please.

Please can we all just look at how we are playing-When **OTHER PLAYERS / STAFF are in the firing LINE** as we have had a few hits and near misses lately. If there are people in front of you and in the reachable zone just wait a little bit longer and be aware of staff on the course and give way to them. I am sure if they see you, they will stop or move **BUT** they do have their job to do as well cheers.

Thanks, Your Club Captain Lofty.

Golfing Tips

USING TOO MUCH BODY in trying to hit the ball is the single biggest fault in playing the game. When you top the ball, your **BODY** has **COME UP** before impact. When you slice you have turned your **BODY** in **FRONT** of the ball before hitting it. When you sky the ball from the tee you have moved your **BODY FORWARD** making the swing path too steep.

The Law of SWINGING is to **TURN YOUR BODY** on the backswing **SLOWLY**, then from the start of the **DOWNSWING LEARN TO SWING YOUR HANDS & ARMS**

PAST YOUR BODY.

Watch yourself in front of a mirror to get the **FEELING**.

Good Luck & Happy Golfing.

NEW WORLD

Waitara New World Wednesday Club.

A disappointing 27 turning out today which was an absolutely perfect day for golf I had introduced a new game to our four playing for 1 cent per meter of hole in the format of best Stableford takes the hole in a skins format. A heap of fun and will endeavor to play with a few more of you that can think outside the square of combined Stableford week after week after week after week.

Anyway back to **today's hero's Div. 1 was all Rob Fraser on count back to Peter Lopy with 39 points.** I don't know where that game was on Monday.

Div. 2 was the hardest working man on the course after spending all day Tuesday

Shoveling sand he comes out and takes the day with 40 points. And then he wanted to come back tomorrow and dig out another bunker.

Great to see a couple of ladies enjoying the Wednesday Club and **Teati Cleary taking 3 balls for a 2 on the 7th and Albie Hodgkinson 3 balls for a 2 on the 3rd**

Also great to see Kerry Edcombe taking one for the team with a slow 33 points

8 great raffle prizes handed out for a great day on course **J.R..**

FUNNIES

Rules corner #4: Unplayable ball

Description:

At any time, a player may declare their ball unplayable. **Rule 19** allows the player to choose which option to use – normally with one penalty stroke – to get out of a difficult situation anywhere on the course (except in a penalty area)

NOTE: Only the payer can declare a ball unplayable

Application:

A player may take unplayable ball relief using one of the three options, in each case adding one penalty stroke

- The player may take stroke-and-distance relief even if the original ball has not been found and identified.
- **However**, to take back-on-the-line relief, or lateral relief, the player must know the spot of the original ball (you must find and identify your ball)

A. Stroke-and-Distance Relief (location 1 on diagram below)

The player may play the original ball or another ball from where the previous stroke was made (One club length)

B. Back-on-the-Line Relief (location 2 on diagram below)

The player may drop the original ball or another ball (see Rule 14.3) in a relief area that is based on a reference line going straight back from the hole through the spot of the original ball. (One club length)

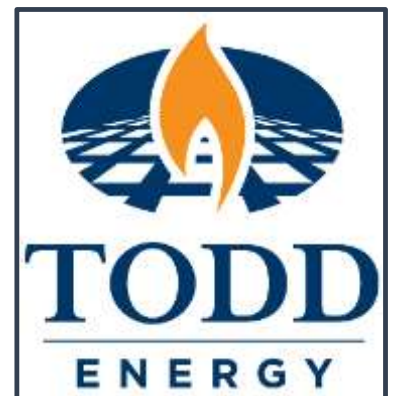

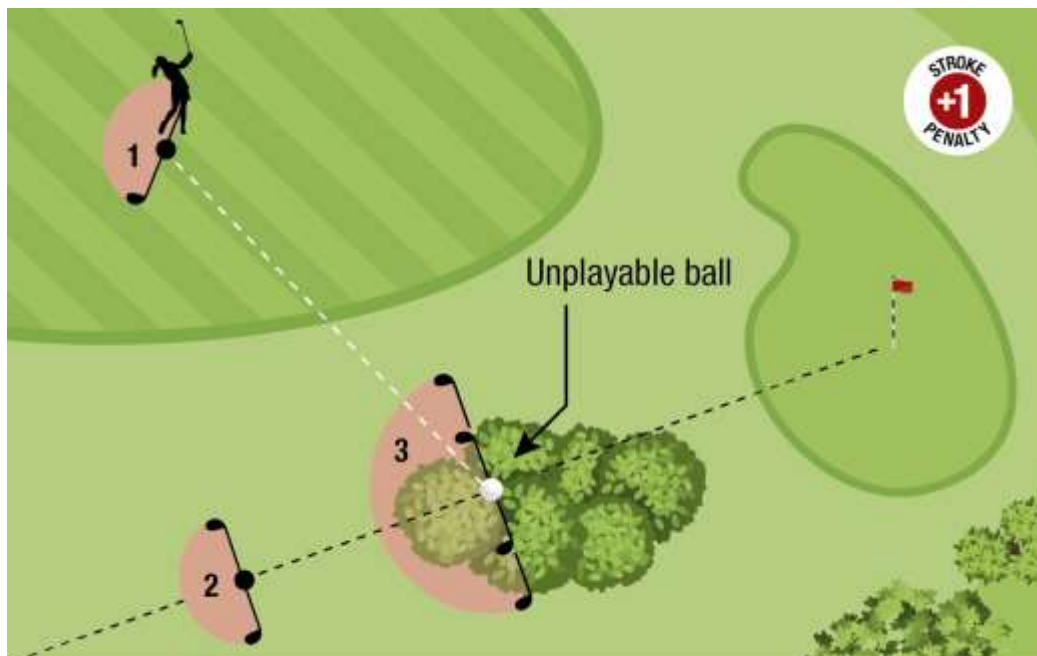

C. Lateral Relief (location 3 on diagram below)

The player may drop the original ball or another ball in this lateral relief area (see Rule 14.3):

Relief Area: Two club-lengths, but must not be nearer the hole than the reference point

NOTE: Remember when taking lateral relief, two club lengths may not get you into open space. In this case you would need to drop your ball (within two club lengths of the original spot). Then decide to either play from the new location, or declare the ball unplayable and repeat the process for another penalty shot

Penalty for Playing Ball from a Wrong Place: General Penalty, Loss of hole in match play or two penalty strokes in stroke play.
